# Introduction

# IFRS Example Interim Condensed Consolidated Financial Statements 2025

The preparation of interim financial statements in accordance with International Financial Reporting Standards Accounting Standards (IFRS Accounting Standards) is challenging. Each year, new Standards and amendments are published by the International Accounting Standards Board (IASB) with the potential to significantly impact the presentation of a complete set of financial statements.

The member firms of Grant Thornton International Ltd ('GTIL') have extensive expertise in the application of IFRS. GTIL, through its IFRS Team, develops general guidance that supports its member firms' commitment to high quality, consistent application of IFRS Accounting Standards and is therefore pleased to share these insights by publishing 'IFRS Example Interim Condensed Consolidated Financial Statements 2025' ('Interim Financial Statements').

The Interim Financial Statements illustrate a six month accounting period beginning on or after 1 January 2025. They are based on the activities and results of Illustrative Corporation Ltd and its subsidiaries ('the Group') – a fictional consulting, service and retail entity that has been preparing IFRS financial statements for several years. The Group produces half-yearly interim financial statements in accordance with IAS 34 'Interim Financial Reporting' at 30 June 2025.

The Interim Financial Statements have been reviewed and updated to reflect changes in IAS 34 and other IFRS Accounting Standards that are effective for the year ending **31 December 2025** that have been issued prior to 31 March 2025.

### **Condensed set of Interim Financial Statements**

An entity complying with IAS 34 has a choice of preparing a condensed set of Interim Financial Statements or a full set of IFRS financial statements. These Interim Financial Statements illustrate a condensed set of Interim Consolidated Financial Statements based on the requirements of IAS 34.8. Where a full set of financial statements is presented, the form and content of those financial statements are required to conform to the requirements of IAS 1 for a complete set of financial statements [IAS 34.9].

#### Local reporting requirements

The requirements for interim reports vary significantly between jurisdictions. Entities that apply IAS 34 may also be subject to requirements imposed by law or by a stock exchange. Such local requirements usually impose interim reporting deadlines and may require disclosure of specified information. This may be presented either in the financial statements or in an accompanying narrative report, eg financial and other highlights, chairman's statement, operating and financial review and specific qualitative and quantitative disclosures (collectively referred to as 'management commentary').

The IASB's Practice Statement 'Management Commentary – A framework for presentation' provides a broad framework of principles, qualitative characteristics and recommended contents for high quality management commentary. Although the Practice Statement is not mandatory, it may be used by regulators and others to benchmark the quality of the information presented and so its guidance should be considered.

Management commentary and other regulatory requirements are not included in these Interim Financial Statements.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025 1

#### **Using this publication**

The form and content of Interim Financial Statements will of course depend on the activities and transactions of the reporting entity in concern. The objective in preparing these Interim Financial Statements is to illustrate one possible approach to interim reporting by an entity engaging in transactions that are 'typical' across a range of non-specialist sectors. However, as with any publication of this type, our example does not envisage every possible transaction and therefore cannot be regarded as comprehensive. For example, IAS 34 requires that the Interim Financial Statements should explain significant events and transactions that have occurred in the interim period. The required disclosures will therefore depend on these specific circumstances and entities will need to exercise judgement in deciding how to meet the requirements of IAS 34.15. The Interim Financial Statements should be amended, amplified or abbreviated according to the importance of the area to the financial statements as a whole. Also, these Interim Financial Statements should not be used as a surrogate disclosure checklist to meet all the requirements of IAS 34. Facts and circumstances will vary between entities and each entity should assess individually which information to disclose in their Interim Financial Statements in accordance with the requirements of the Standard.

'These Interim Financial Statements should not be used as a disclosure checklist to meet the requirements of IAS 34. Facts and circumstances will vary between entities and each entity should assess individually which information to disclose in their Interim Financial Statements.'

#### About us

We're a network of independent assurance, tax and advisory firms, made up of 76,000 people in 156 markets. For more than 100 years, we have helped dynamic organisations realise their strategic ambitions. Whether you're looking to finance growth, manage risk and regulation, optimise your operations or realise stakeholder value, we can help you.

We've got scale, combined with local market understanding. That means we're everywhere you are, as well as where you want to be.

<sup>2</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

# IFRS Example Interim Condensed Consolidated Financial Statements

Illustrative Corporation Group 30 June 2025

# **Contents of Interim Financial Statements**

Paragraph 8 of IAS 34 requires that condensed Interim Financial Statements contain at a minimum:

- a condensed statement or condensed statements of profit or loss and other comprehensive income
- a condensed statement of financial position
- a condensed statement of changes in equity
- a condensed statement of cash flows
- selected explanatory notes.

According to IAS 34.20, the Interim Financial Statements (condensed or complete) shall include:

- either:
  - a single statement of profit or loss and other comprehensive income for the current interim period, and cumulatively for the current financial year-to-date, with comparatives for the comparable interim periods (ie comparable interim period and financial year-to-date), or
  - two separate statements, being a statement of profit or loss and a statement of other comprehensive income for the current interim period and cumulatively for the current financial year-to-date, with comparatives for the comparable interim periods (ie comparable interim period and financial year-to-date)
- a statement of financial position as at the end of the current interim period and a comparative statement of financial position as at the end of the immediately preceding financial year

- a statement of changes in equity showing changes in equity cumulatively for the current financial year-to-date, with a comparative statement for the comparable year-to-date period of the immediately preceding financial year and
- a statement of cash flows for the current financial yearto-date, with a comparative statement for the comparable year-to-date period of the immediately preceding financial year.

Presentation of the interim statement of profit or loss and other comprehensive income either as a single statement or two separate statements should follow the presentation in the annual financial statements (IAS 34.8A). The Group presents a separate profit or loss statement and a separate statement of other comprehensive income in its annual financial statements. In addition, the Group's profit or loss statement illustrates the 'nature of expense' format. Accordingly, these Interim Financial Statements follow the same approach. The alternative methods of presenting a single statement of profit or loss and other comprehensive income and of presenting a profit or loss statement illustrating the 'function of expense format' are included as appendices to the 'IFRS Example Consolidated Financial Statements 2024'1.

<sup>&</sup>lt;sup>1</sup> In September 2024, the Grant Thornton International Ltd IFRS Team published '<u>IFRS Example Consolidated Financial Statements 2024</u>', providing an example of a full set of annual IFRS financial statements.

<sup>4</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

### Summary of requirements (IAS 34.A2)

	Interim period	Last year end	Comparative interim period
Statement of profit or loss and other comprehensive income	Yes (current and year-to-date)	Good practice	Yes (current and year-to-date)
Statement of financial position	Yes	Yes	Good practice
Statement of changes in equity	Yes (year-to-date)	Good practice	Yes (year-to-date)
Statement of cash flows	Yes (year-to-date)	Good practice	Yes (year-to-date)

IAS 1 'Presentation of Financial Statements' requires an additional statement of financial position at the start of the preceding period in certain circumstances<sup>2</sup> (IAS 1.40A). IAS 34 does not require, and therefore these Interim Financial Statements do not include, such a statement of financial position.

Entities wishing to follow best practice may include a statement/statements of profit or loss and other comprehensive income, a statement of changes in equity and a statement of cash flows for the immediately preceding financial year. These Interim Financial Statements reflect this practice, with three periods for each of these statements and associated notes.

<sup>2</sup> If the entity applies an accounting policy retrospectively, makes a retrospective restatement of items in its financial statements or reclassifies items in its financial statements; and if the retrospective application, retrospective restatement or the reclassification materially affects the information in the statement of financial position at the beginning of the preceding period.

IAS 33.68A	- From discontinued operations		0.01	-	-
IAS 33.66	Total		1.13	0.58	1.19

#### Guidance notes:

IAS 34.10 requires the interim statement to include, at a minimum, each of the headings and subtotals that were included in the most recent annual financial statements. Consistent with the Group's annual financial statements, a separate statement of profit or loss and a separate statement of other comprehensive income are presented in these Interim Financial Statements.

IAS 1.82(a)-[ea) provides a list of the minimum items to be presented in the profit or loss section (when an entity presents a single statement of comprehensive income) or in the statement of profit or loss (when an entity presents separate statements of profit or loss and of other comprehensive income, as in these Interim Financial Statements).

There may be situations where additional line items, headings and subtotals need to be included. IAS 1.85 requires an entity to present such additional items (including the disaggregation of the line items listed in IAS 1.82) in the statement of profit or loss and other comprehensive income when such presentation is relevant to an understanding of the entity's financial performance. IAS 1.85A requires any additional subtotals presented

- to be: • comprised of line items made up of amounts
- recognised and measured in accordance with IFRS Accounting Standards
- presented and labelled in a manner that makes the line items that constitute the subtotal clear and understandable
- consistent from period to period
- no more prominent than the subtotals and totals required in IFRS Accounting Standards for the statement(s) presenting profit or loss and other comprehensive income.

IAS 1 allows an entity to use either the 'nature of expense' or the 'function of expense' format, whichever is reliable and more relevant (IAS 1.99). These Interim Financial Statements provide an example of the 'nature of expense' format.

IAS 34.11 requires the presentation of both basic and diluted earnings per share in the statement that presents the components of profit or loss when the entity is within the scope of IAS 33 'Earnings per Share'. Where an entity presents a separate statement of profit or loss and a separate statement of other comprehensive income, the basic and diluted earnings per share (EPS) figures should be presented in the statement of profit or loss (IAS 34.11A).

IAS 33 requires basic and diluted EPS disclosures in the annual financial statements for continuing operations and total operations, in the statement of profit and loss. EPS for discontinued operations are required to be shown either in the statement of profit or loss or in the notes (IAS 33.68).

IAS 34 does not specifically require disclosure of separate EPS figures for continuing and discontinued operations in the Interim Financial Statements. In our opinion, the minimum requirement is to disclose basic and diluted EPS for total operations. These Interim Financial Statements also include separate EPS figures for continuing and discontinued operations as a matter of good practice and for consistency with the annual financial statements. In our opinion, when such separate EPS for total operations should also be shown in this statement.

IAS 1.81B(b)(ii)	Owners of the parent	15,184	7,839	17,394
		15,251	7,895	17,515

#### Guidance notes:

When an entity presents a separate statement of comprehensive income, IAS 1.82A requires an entity to present line items of other comprehensive income in the period, classified by nature and grouped into those that, in accordance with other IFRS Accounting Standards:

a) will not be reclassified subsequently to profit or loss, and

b) will be reclassified subsequently to profit or loss when specific conditions are met.

IAS 1.82A further requires the presentation of line items for the share of the other comprehensive income of associates and joint ventures accounted for using the equity method, separated into the share of items that, in accordance with other IFRS Accounting Standards: a) will not be reclassified subsequently to profit or loss, and

 b) will be reclassified subsequently to profit or loss when specific conditions are met.

IAS 1.87 precludes an entity from presenting any items of income or expense as extraordinary items, in the statement(s) presenting profit or loss and other comprehensive income, or in the notes.

According to IAS 1.90, an entity discloses the amount of income tax relating to each component of other comprehensive income, including reclassification adjustments, either in the statement of profit or loss and other comprehensive income or in the notes. In accordance with IAS 1.91(b), the Group, in its annual consolidated financial statements, presents components of other comprehensive income before tax with one amount shown for the agaregate amount of income tax relating to all components of other comprehensive income. The tax effects of each component of other comprehensive income are disclosed in the notes to the annual financial statements. When an entity selects alternative (b) of IAS 1.91, it shall allocate the tax between the items that might be reclassified subsequently to the profit or loss and those that will not be reclassified subsequently to the profit or loss.

IAS 1.55	Total assets		207,884	161,149	177,026

Guidance notes:

IAS 34.10 requires interim financial statements to include, at a minimum, each of the headings and subtotals that were included in the most recent annual financial statements.

IAS 1.54 provides a list of the minimum items to be presented in the statement of financial position. Where relevant, references to IAS 1 and other IFRS Accounting Standards requirements are included on the left-hand side of the statement of financial position. There may be situations where additional line items, headings and subtotals may also need to be included. IAS 1.55 requires an entity to present additional items (including the disaggregation of the line items listed in IAS 1.54) in the statement of financial position when such presentation is relevant to an understanding of the entity's financial position.

IAS 1.55A requires additional subtotals presented in accordance with IAS 1.55 to be:

- comprised of line items made up of amounts recognised and measured in accordance with IFRS Accounting Standards
- presented and labelled in a manner that makes the line items that constitute the subtotal clear and understandable
- consistent from period to period, and
- displayed with no more prominence than the subtotals and totals required in IFRS Accounting Standards for the statement of financial position.

	Balance at 31 December 2024	13,770	19,645	2,265	49,076	84,756	713	85,469

#### Guidance note

IAS 34.10 requires the interim statement to include, at a minimum, each of the headings and subtotals that were included in the most recent annual financial statements while IAS 1.106 provides a list of the required items to be presented in the statement of changes in equity.

Entities have a choice to present the required reconciliations for each component of other comprehensive income either in the statement of changes in equity or in the notes to the financial statements (IAS 1.106(d)(ii) and IAS 1.106A). These Interim Financial Statements present the reconciliations for each component of other comprehensive income in the notes to the financial statements. This reduces duplicated disclosures and presents more clearly the overall changes in equity.

IAS 7.45	Cash and cash equivalents, end of period		42,539	9,797	34,729

Guidance note:

IAS 34.10 requires the interim statement to include, at a minimum, each of the headings and subtotals that were included in the most recent annual financial statements. Consistent with the Group's annual financial statements, the interim statement of cash flows is prepared using the indirect method in accordance with IAS 7.18(b). The statement of cash flows can also be prepared using the direct method [IAS 7.18(a)].

<sup>12</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

Illustrative Corporation Group For the six months ended 30 June 2025 (expressed in thousands of Euroland currency units (CU), except per share amounts)

#### **Guidance note**

Where an entity's interim financial statements comply with IAS 34 that fact should be disclosed (IAS 34.19). Where a condensed set of financial statements is prepared, the basis of preparation will need to refer to the fact that these Interim Financial Statements are 'condensed'. Interim financial statements should not be described as complying with IFRS Accounting Standards unless they comply with all of the requirements of IFRS Accounting Standards.

Interim financial statements are prepared assuming that users have access to the most recent annual financial report. Consequently, disclosures in the interim financial statements need not duplicate previously reported information (IAS 34.6). IAS 34.16A sets out the information to be disclosed in the notes to the Interim Financial Statements, if not disclosed elsewhere in the interim financial report.

In addition, IAS 34.15 requires disclosure of events and transactions that are significant to an understanding of the changes in the financial position and performance of an entity since the end of the last annual reporting period. The guidance includes some examples of events and transactions which may require disclosure, if significant (IAS 34.15B).

These Interim Financial Statements present selected explanatory notes that are intended to assist users in understanding the results of the operations of the Group for the current interim period. As with any example, it does not envisage every possible transaction and therefore cannot be regarded as comprehensive. Also, depending on the circumstances, certain of these disclosures might be regarded either as voluntary or as necessary to meet the general requirements of IAS 34.

The notes to the Interim Financial Statements follow the format of the disclosures in the Group's annual financial statements in so far as these disclosures are required by IAS 34.

### **Climate-related matters**

The annual IFRS Example Consolidated Financial Statements 2024 include:

- guidance on how the effects of climate change could affect the preparation of financial statements (eg on the impairment tests performed for non-current assets operated in an industry particularly exposed to climate-related risks, the useful life of certain non-current assets, etc.), and
- illustrations of disclosures on some statement of financial profit or loss and statement of financial position items that may be sensitive to climate issues.

The extent to which the information provided with respect to those matters should be updated within the context of the interim financial statements needs to be assessed by applying the same requirements of IAS 34. As noted above, these Interim Financial Statements should include an explanation of events and transactions that are significant to understand changes in financial position and performance since the end of the last annual reporting period. According to this principle (and in addition to mandatory disclosures required by IAS 34), climate-related disclosures should be provided in the interim financial statements if they explain any significant changes in the financial position and performance of the entity since the last annual reporting period.

An illustration of the above principle is provided in these interim financial statements with the following events:

- The revision of useful lives of some equipment and installations has been considered as necessary following the completion of an inventory of all the assets operated by the entity. This inventory was aimed at identifying polluting assets during the reporting period under review (see Note 13 Property, plant and equipment).
- The identification of a new contingent liability linked to climate-related matters during the reporting period under review (see Note 21 Contingent liabilities).

The IASB is taking actions to improve the reporting of climate-related and other uncertainties in the financial statements. Notably in July 2024, the IASB published an Exposure Draft, 'Climate-related and Other Uncertainties in the Financial Statements', that proposed eight examples illustrating how an entity applies the requirements in IFRS Accounting Standards to report the effects of climate-related and other uncertainties in its financial statements.

<sup>14</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

For the six months ended 30 June 2025 (expressed in thousands of Euroland currency units, except per share amounts)

These examples address three different areas: materiality judgements, disclosures about assumptions and other sources of estimation uncertainties, and disaggregation of information (applying new requirements developed in IFRS 18).

Although the feedback on this Exposure Draft is still being discussed by the IASB, these examples could be useful in assessing the level, and extent to which, information should be disclosed in the notes to interim and annual financial statements.

More information about the IASB project on climate-related and other uncertainties in the financial statements is available on the IASB website <u>here</u>.

It is also important to keep in mind that the information disclosed, and assumptions used when preparing the interim financial statements, must be consistent with the information published or presented in connection with the climate-related risks and uncertainty in other reporting.

#### **Economic uncertainty**

In the current environment, there are many economic, political, and other uncertainties that can affect financial reporting. Potential examples include the Russia-Ukraine conflict, rising inflation, natural disasters, the imposition of significant tariffs, the deployment of Pillar Two tax legislation and any other major global events that could occur. Preparers of interim financial statements will need to perform a thorough risk assessment to determine which events or circumstances could have a material impact or future impact on what they report and then assess where and in what form to disclose the impact within their financial statements in light of IFRS Accounting Standards. We believe it is important to not only comply with the guidance set out in IFRS Accounting Standards, but also ensure the financial statements are an effective part of any wider communication the entity shares with its stakeholders.

This publication has been updated for commentary where considered necessary. However the disclosures required are dependent on the reporting entity and the impact of this situation. As noted above with climate-related matters, the interim financial report should be read in conjunction with the annual financial report and is meant to provide an understanding of the changes since that report was issued.

### 1. Nature of operations

The principal activities of Illustrative Corporation Ltd and its subsidiaries (the Group) include selling of telecommunications hardware and software, related after-sales service, consulting, and the construction of telecommunications systems. These activities are grouped into the following service lines:

- **retail** focusing on the sale of the Group's proprietary hardware and software products and related customisation and integration services
- **after-sales service** providing fixed-price maintenance of extended warranty agreements to the Group's retail customers
- consulting and outsourcing advising companies on telecommunications systems strategies and IT security, and providing IT outsourcing services including payroll and accounts payable transaction processing
- **construction** providing customers with complete telecommunications systems solutions from design to development and installation.

**Guidance note:** The notes to the Interim Financial Statements only include disclosures relevant to the fictitious entity Illustrative Corporation Ltd and its subsidiaries. IFRS may require different or additional disclosures in other situations. Disclosures should always be tailored to reflect an entity's specific facts and circumstances.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025 15

IAS 34.3 IAS 34.19

# 2. General information, basis of preparation and statement of compliance with IFRS Accounting Standards

The Interim Financial Statements are for the six months ended 30 June 2025 and are presented in currency units (CU), which is the functional currency of the ultimate parent company. They have been prepared in accordance with IAS 34 'Interim Financial Reporting' as issued by the International Accounting Standards Board. They do not include all of the information required in annual financial statements in accordance with IFRS Accounting Standards, and should be read in conjunction with the consolidated financial statements for the year ended 31 December 2024.

Illustrative Corporation Ltd (Illustrative Corporation) is the Group's ultimate parent company. It is a limited liability company incorporated and domiciled in Euroland. The address of its registered office and principal place of business is 149a Great Place, 40237 Greatville, Euroland. Illustrative Corporation's shares are listed on the Greatstocks Stock Exchange.

IAS 10.17-18 The Interim Financial Statements were approved for issue by the Board of Directors on 12 August 2025.

**Guidance note:** Other general information required in the local jurisdiction may be included here, for example, if the Interim Financial Statements are unaudited. Note that the uncertainty about the entity's ability to continue as a going concern may have arisen during the six month period. If this is the case then the guidance in IAS 1 must be taken into consideration.

### 3. New Standards adopted at 1 January 2025

**Guidance note:** IAS 34 requires entities to explain significant events and transactions that have occurred in the interim period. The information to be provided will therefore depend on entity-specific circumstances and entities need to provide disclosures relevant to them in their interim financial statements. Entities will need to exercise their judgement in deciding how to best meet the requirements of IAS 34. We also encourage publicly-listed entities to enquire with their local regulatory authority to ascertain whether jurisdiction-specific requirements might apply.

### **Accounting pronouncements**

There are no accounting pronouncements which have become effective from 1 January 2025 that have a significant impact on the Group's interim condensed consolidated financial statements.

Guidance note: Other Standards and amendments that are effective for the first time in 2025 (for entities with a 31 December 2025 year-end) and could be applicable to the Group are:
Lack of Exchangeability (Amendments to IAS 21)

These standards and amendments do not have a significant impact on these Interim Financial Statements and therefore the disclosures have not been made. However, whilst they do not affect these Interim Financial Statements they will impact some entities. Entities should assess the impact of these new Standards on their financial statements based on their own facts and circumstances and make appropriate disclosures. In addition, if practical expedients are going to be used, then this intention should be disclosed.

<sup>16</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

# 4. Material accounting policies

IAS 34.28 IAS 34.16A(a) The Interim Financial Statements have been prepared in accordance with the accounting policies adopted in the Group's most recent annual financial statements for the year ended 31 December 2024.

**Guidance note:** IAS 34.28 requires the use of the discrete period approach. This requires that items of income and expenses should be recognised and measured on a basis consistent with that used in preparing the annual financial statements, and that no adjustments should be made for events expected to occur subsequent to the end of the interim reporting period. IAS 34.28 notes that the frequency of an entity's reporting should not affect its annual results. There are however some situations where annual reporting can be altered. One example is impairment of goodwill. IFRIC 10 'Interim Financial Reporting and Impairment' (IFRIC 10) notes that an entity shall not reverse an impairment loss recognised in a previous interim period even if the impairment loss would not have been recognised had the impairment assessment been made only at the end of the annual reporting period (IFRIC 10.8).

# 5. Estimates and judgements

### **Climate-related matters**

If climate-related issues create new uncertainties that could significantly affect the carrying amount of assets and liabilities in subsequent periods, these uncertainties should be disclosed in the interim financial statements (eg a new project arising from recently enacted environmental regulation).

IAS 34.41When preparing the Interim Financial Statements, management undertakes a number of<br/>judgements, estimates and assumptions about recognition and measurement of assets, liabilities,<br/>income and expenses. The actual results may differ from the judgements, estimates and<br/>assumptions made by management, and will seldom equal the estimated results.

The judgements, estimates and assumptions applied in the Interim Financial Statements, including the key sources of estimation uncertainty, were the same as those applied in the Group's last annual financial statements for the year ended 31 December 2024. The only exceptions are the estimate of income tax liabilities which is determined in these Interim Financial Statements using the estimated average annual effective income tax rate applied to the pre-tax income of the interim period.

# 6. Significant events and transactions

IAS 34.15 IAS 34.15C

IAS 34.28

IAS 34.B12

Management believes that the Group is well positioned to cope with a downturn in the economy. Factors contributing to the Group's strong position are:

- no significant new orders. In addition, the Group has several long-term contracts with a number of its existing customers
- the Group does not expect to need additional borrowing facilities in the next 12 months as a
  result of its significant financial resources, existing facilities and strong liquidity reserves. The
  Group has significant headroom to comply with its debt covenants
- the Group's major customers have not experienced financial difficulties. Credit quality of trade receivables as at 30 June 2025 is considered to be good.

Overall, the Group is in a strong position and has sufficient capital and liquidity to service its operating activities and debt. The Group's objectives and policies for managing capital, credit risk and liquidity risk are described in its annual financial statements.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025 17

In light of the continuing conflict in the Ukraine, the fuel prices and raw material costs have remained high. This continues to increase costs for the Group. A Euroland subsidiary that trades almost exclusively with entities in Ukraine is no longer considered a going concern at 30 June 2025 and its separate financial statements will be prepared on a non-going concern basis.

However the Group is expected to continue as a going concern, therefore these interim consolidated financial statements have been prepared on a going concern basis.

In connection with the situation prevailing at year end, the Group's financial performance is affected by inflation and rising interest rates (mainly through the increase in borrowings). However, rising inflation and slowing global economic growth did not lead the Group to perform new impairment tests of non-current assets in these half-year interim financial statements.

### 7. Business Combinations

IAS 34.16A(i) IFRS 3.B64(a)-(d)

On 5 April 2025, the Group acquired 100% of the issued share capital and voting rights of Sysmagic Limited (Sysmagic), a company incorporated and based in Euroland that operates within the service segment. The objective of the acquisition is to further increase the Group's market share in providing customised IT and telecommunication systems services. The details of the business combination are as follows:

IFRS 3.B64(f)	FAIR VALUE OF CONSIDERATION TRANSFERRED	
IFRS 3.B64(f)(i) IAS 7.40(a)	Amount settled in cash	18,500
IFRS 3.B64(i)	Recognised amounts of identifiable net assets	
IAS 7.40(d)	Property, plant and equipment	5,818
	Intangible assets	8,585
	Total non-current assets	14,403
	Inventories	7,500
	Trade and other receivables	4,449
IAS 7.40(c)	Cash and cash equivalents	324
	Total current assets	12,273
	Borrowings	(2,543)
	Deferred tax liabilities	(1,335)
	Total non-current liabilities	(3,878)
	Provisions	(780)
	Other liabilities	(1,855)
	Trade and other payables	(4,165)
	Total current liabilities	(6,800)
	Identifiable net assets	15,998
	Goodwill on acquisition	2,502
IAS 7.40(b)	Consideration transferred settled in cash	18,500
IAS 7.40(c)	Cash and cash equivalents acquired	(324)
IAS 7.42	Net cash outflow on acquisition	18,176
	Acquisition costs charged to expenses	304
	Net cash paid relating to the aquisition	18,480

<sup>18</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

IFRS 3.B64(m)	<b>Consideration transferred</b> Acquisition-related costs amounting to CU 304 are not included as part of consideration transferred and have been recognised as an expense in the condensed consolidated statement of profit or loss, as part of other expenses.
IFRS 3.B67(a)	<b>Identifiable net assets</b> The fair values of the identifiable intangible assets have been determined provisionally at 30 June 2025, because the acquisition was completed late in the period. The Group is currently obtaining the information necessary to finalise its valuation.
IFRS 3.B64(h)(i-iii)	The fair value of the trade and other receivables acquired as part of the business combination amounted to CU 4,449 with a gross contractual amount of CU 4,569. As of the acquisition date, the Group's best estimate of the contractual cash flows not expected to be collected amounted to CU 120.
IFRS 3.B64(e) IAS 36.133 IFRS 3.B64(k)	<b>Goodwill</b> The goodwill that arose on the combination can be attributed to the synergies expected to be derived from the combination and the value of the workforce of Sysmagic which cannot be recognised as an intangible asset. Goodwill has been provisionally allocated to cash-generating units at 30 June 2025 and is attributable to the service segment. The goodwill that arose from this business combination is not expected to be deductible for tax purposes.
IFRS 3.B64(q)(i-ii)	<b>Sysmagic's contribution to the Group results</b> From the date of the acquisition to 30 June 2025, Sysmagic contributed CU 12,232 and CU 1,954 to the Group's revenues and profits, respectively. Had the acquisition occurred on 1 January 2025, the Group's revenue for the period to 30 June 2025 would have been CU 131,386 and the Group's profit for the same period would have been CU 20,726.
	<b>Guidance note:</b> If there has been a revision of previously disclosed amounts, for example fair values in relation to a business combination that took place in the previous annual reporting period, then this should be disclosed. Similarly, if revisions to previously reported contingent consideration

# 8. Revenue

IFRS 15.116

For the first six months of 2025, revenue includes CU 1,359 (first six months of 2024: CU 1,267) from the contract liability balance at the beginning of the period, and CU 67 (first six months of 2024: CU 63) from performance obligations satisfied (or partially satisfied) in previous periods due to changes in transaction price.

amounts have occurred, they also should be disclosed if the amounts involved are material.

**Guidance note:** IAS 34 requires entities to explain the significant events and transactions that have occurred in the interim period. The information to be provided will therefore depend on entity-specific circumstances and not all entities may need to provide the detailed disclosures described by IFRS 15 (shown here) in their interim financial statements. As these Interim Financial Statements are provided for illustrative purposes only, we have included these disclosures. Other entities will need to exercise their judgement in deciding how to best meet the requirements of IAS 34.

As the Group does not enter into contracts with its customers where, once performance has occurred, the Group's right to consideration is dependent on anything other than the passage of time, the Group does not presently have any contract assets.

For purposes of these Interim Financial Statements, it is assumed that changes to the Group's contract liabilities (ie deferred revenue) are attributable solely to the satisfaction of performance obligations. For other entities, where contract liability balances are affected by other significant factors, IFRS 15.118 requires these changes to be explained. For example, changes due to business combinations or a change in the time frame required for a performance obligation to be satisfied.

The Group's revenue disaggregated by primary geographical markets is as follows:

IFRS 15.115		Six months to 30 June 2025						
		Consulting	Service	Retail	Other	Total		
	Euroland (domicile)	46,324	17,256	29,439	1,736	94,755		
	United Kingdom	4,911	1,907	3,605	184	10,607		
	USA	4,527	1,814	3,172	130	9,643		
	Other countries	454	458	360	19	1,291		
	Total	56,216	21,435	36,576	2,069	116,296		

IFRS 15.115

	Six months to 30 June 2024

	Total	47,843	7,832	31,129	1,561	88,365		

IFRS 15.114

	Year to 31 December 2024					
	Consulting	Service	Retail	Other	Total	
Revenue transferred at a point in time	24,378	3,991	15,862	809	45,040	
Revenue transferred over time	86,432	14,149	56,236	2,870	159,687	
Total	110,810	18,140	72,098	3,679	204,727	

The above revenue figures exclude rental income from investment property (Note 9) which is included in revenue in the statement of profit or loss.

<sup>20</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

IFRS 15.120

IAS 34.16A(g)

The following aggregated amounts of transaction prices relate to the performance obligations from existing contracts that are unsatisfied or partially unsatisfied as at 30 June 2025:

	2025	2026	Total
Revenue expected to be recognised	765	878	1,643

Prepayments and other assets contain both deferred IT set-up costs and prepayment. IT set-up costs comprise between 1% and 2% of the total labour and materials costs incurred.

	30 Jun 2025	30 Jun 2024	31 Dec 2024
CURRENT			
Deferred customer set-up costs	54	53	109
Prepayments	149	158	297
Other current assets	203	211	406
NON-CURRENT			
Deferred customer set-up costs	104	80	185
Total	307	291	591

### 9. Segment reporting

The Group has three operating segments: consulting, service and retail. In identifying these operating segments, management generally follows the Group's service lines representing its main products and services. These operating segments are monitored by the Group's chief operating decision maker who is the Group's chief executive officer and she makes the strategic decisions on the allocation of resources based on adjusted segment reporting results.

Each of these operating segments is managed separately as each requires different technologies, marketing approaches and other resources. All inter-segment transfers are carried out at arm's length prices based on prices charged to unrelated customers in stand-alone sales of identical goods or services.

In addition, two minor operating segments are combined below under other segments. The main sources of revenue for this segment is the sale and disposal of used IT equipment that the Group collects from its customers.

IAS 34.16A(g)(v) During the six month period to 30 June 2025, there have been no changes from prior periods in the measurement methods used to determine operating segments and reported segment profit or loss.

IAS 34.16A(g)(i-iv) The revenues and profit generated by each of the Group's operating segments and segment assets and liabilities are summarised as follows:

	Six months to 30 June 2025						
		Consulting	Service	Retail	Other	Total

# **10. Seasonal fluctuations**

IAS 34.16A(b)

The demand for maintenance and installation of IT and telecommunication systems and equipment (part of the consulting and service segments) is subject to seasonal fluctuations. Historically, peak demand is in the second half of each calendar year. Revenues for maintenance and installation for the six months ended 30 June 2025 represented 66% (six months period to 30 June 2024: 43%) of the annual level of these revenues for the year ended 31 December 2024.

The percentage of the first six months revenues in 2025 is higher than 2024 due to the effect of an additional three months revenues contributed by a new subsidiary acquired in 2025 (see Note 6). Excluding these items, the revenues for the six months ended 30 June 2025 represent approximately 45% of the annual level of maintenance and installation revenues for the year ended 31 December 2024.

# 11. Goodwill

**Guidance note:** In addition to the requirement of IAS 34.16A(c) to disclose the nature and amount of items affecting assets that are unusual because of their nature, size or incidence, this disclosure is also part of the required disclosure under IFRS 3 'Business Combinations' for the business combination that occurred in the current interim period.

#### IAS 34.16A(c)

Balance at end of the period	(989)	(190)	(989)
Carrying amount at end of the period	7,397	5,880	5,041

### 12. Other intangible assets

**Guidance note:** In these Interim Financial Statements, this information is considered a necessary disclosure because of the significant additions and the impact of the business combination. Depending on the circumstances, this type of disclosure might be regarded either as voluntary or as necessary to meet the requirements of IAS 34.15C and IAS 34.16A(c). Other examples of events and transactions where IAS 34 requires disclosures are included in IAS 34.15B.

requirements or obsolescence. Changes in useful lives prospectively impact the amount of depreciation recognised each reporting period and they may be an indicator for the entity to perform an impairment test. During the first quarter of 2025, the Group performed an exhaustive inventory of all its assets operated in Euroland with a particular focus on its polluting assets to assess as to whether it should revise their useful lives to take account of new legal constraints associated with their use. The completion of this inventory resulted in the Group lowering the estimated useful lives of some cooling equipment in its data centres. This change has been accounted for as a change in an accounting estimate which has resulted in an increase of CU 50 in the depreciation expense in the interim reporting and an increase of CU 45 in the remaining six months of the annual reporting period. No additional charges relating to the new legal requirements that have been enacted and obsolescence are expected in 2026.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements – 30 June 2025 27

For the six months ended 30 June 2025 (expressed in thousands of Euroland currency units, except per share amounts)

IFRS 16.47(b

IFRS 16.58

Lease liabilities are presented in the interim condensed consolidated statement of financial position within borrowings as follows:

	30 Jun 2025	30 Jun 2024	31 Dec 2024
Lease liabilities (current)	2,597	2,608	2,522
Lease liabilities (non-current)	29,457	32,515	31,194
	32,054	35,123	33,716

The Group has leases for the main warehouse and related facilities, an office and production building and some IT equipment. The lease liabilities are secured by the related underlying assets. Future minimum lease payments at 30 June 2025 were as follows:

	Minimum lease payments due						
	Within one year	One to two years	Two to three years	Three to four years	Four to five years	After five years	Total
30 JUNE 2025							
Lease payments	2,972	2,965	2,960	2,940	2,938	19,968	34,743
Finance charges	(375)	(365)	(355)	(320)	(306)	(968)	(2,689)
Net present values	2,597	2,600	2,605	2,620	2,632	19,000	32,054
30 JUNE 2024							
Lease payments	2,988	2,985	2,975	2,960	2,940	23,440	38,288
Finance charges	(380)	(370)	(360)	(355)	(320)	(1,380)	(3,165)
Net present values	2,608	2,615	2,615	2,605	2,620	22,060	35,123
31 DECEMBER 2024							
Lease payments	2,979	2,960	2,960	2,942	2,935	21,702	36,478
Finance charges	(457)	(360)	(340)	(272)	(260)	(1,073)	(2,762)
Net present values	2,522	2,600	2,620	2,670	2,675	20,629	33,716

#### Lease payments not recognised as a liability

The Group has elected not to recognise a lease liability for short-term leases (leases with an expected term of 12 months or less) or for leases of low value assets. Payments made under such leases are expensed on a straight-line basis. In addition, certain variable lease payments are not permitted to be recognised as lease liabilities and are expensed as incurred.

The expense relating to payments not included in the measurement of a lease liability is as follows:

IFRS 16.54

IFRS 16.53(c) IFRS 16.53(d) IFRS.16.53(e)

30 Jun 2025 30 Jun 2024 31 Dec 2024 Short-term leases 662 670 1.230 Leases of low-value assets 80 92 157 Variable lease payments 238 242 482 980 1,004 1,869

**Guidance note:** These are not all the disclosure requirements of IFRS 16. Disclosures have been selected for these Interim Financial Statements in order to understand the entity's leasing activities and meet the requirements of IAS 34. The information provided will therefore depend on entity-specific circumstances and not all entities need to provide the same disclosures in their interim financial statements. Entities will need to exercise their judgement in deciding how to best meet the requirements of IAS 34.

<sup>28</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

# 15. Disposal groups classified as held for sale and discontinued operations

IAS 34.16A(i)

The amounts presented in the interim condensed consolidated statement of profit or loss under discontinued operations relate to Highstreet Ltd. Most of its assets were sold on 30 September 2024. The remaining storage facility was sold in February 2025 and a gain of CU 96 is presented as discontinued operations for the six months ended 30 June 2025.

# 16. Earnings per share

**Guidance note:** In these Interim Financial Statements, this information is considered a necessary disclosure because of the significant additions and the impact of the business combination. Depending on the circumstances, this type of disclosure might be regarded either as voluntary or as necessary to meet the requirements of IAS 34.15C and IAS 34.16A(c). Other examples of events and transactions where IAS 34 requires disclosures are included in IAS 34.15B.

IAS 33.70(a) Both the basic and diluted earnings per share have been calculated using the profit attributable to shareholders of the ultimate parent company (Illustrative Corporation Ltd) as the numerator, ie no adjustments to profits were necessary during the six months ended 30 June 2025 and 30 June 2024 or the year ended 31 December 2024.

IAS 33.70(b) The weighted average number of shares for the purposes of the calculation of diluted earnings per share can be reconciled to the weighted average number of ordinary shares used in the calculation of basic earnings per share as follows:

Amounts in thousand shares:	30 Jun 2025	30 Jun 2024	31 Dec 2024
Weighted average number of shares used in basic earnings per share	14,970	12,270	12,520
Shares deemed to be issued for no consideration in respect of share-based payments	14	16	17
Weighted average number of shares used in diluted earnings per share	14,984	12,286	12,537

# 17. Share capital

### Share-based payment

IAS 34.16A(e)

During the six month period to 30 June 2025, 350,000 shares were issued to satisfy share options previously granted under the Group's employee share option scheme. During this period, the weighted average share price at the date of exercise was CU 11.97 (six month period to 30 June 2024: CU 10.50; year ended 31 December 2024: CU 11.19).

### **Other transactions**

Illustrative Corporation Ltd also issued 1,700,000 shares on 1 April 2025 for cash, corresponding to 13.9% of total shares issued. Each share has the same right to receive dividends and the repayment of capital and represents one vote at the shareholders' meeting of the parent company.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025 29

For the six months ended 30 June 2025 (expressed in thousands of Euroland currency units, except per share amounts)

IAS 1.79(a)(iv)	Amounts in thousand shares:	30 Jun 2025	30 Jun 2024	31 Dec 2024
IAS 1.79(a)(ii)	Shares issued and fully paid:		·	
	- Beginning of the period	13,770	12,000	12,000
	- Issued on exercise of employee share options	350	270	270
	– Share issue, private placement	1,700	-	1,500
	Shares issued and fully paid	15,820	12,270	13,770
	Shares authorised for share-based payments	600	600	600
IAS 1.79(a)(i)	Total shares authorised at the end of the period	16,420	12,870	14,370

### 18. Dividends

IAS 34.16A(f)

During the six month period to 30 June 2025 Illustrative Corporation Ltd paid dividends of CU 6,855 to its equity shareholders (six month period to 30 June 2024: CU 3,000; year ended 31 December 2024: CU 3,000). This represents a payment of CU 0.50 per share (six month period to 30 June 2024: CU 0.25; year ended 31 December 2024: CU 0.25). No dividends were paid on new shares issued in 2024 pursuant to the Group's share-based payment scheme.

## 19. Other components of equity

**Guidance note:** This type of disclosure is not specifically required by IAS 34. However, in these Interim Financial Statements, this information is considered necessary due to the change in the presentation of the reconciliations of each item of comprehensive income.

### 20. Provisions

IAS 34.15B(c)

A restructuring provision was recognised by the Group in its annual financial statements as at 31 December 2024 in relation to the 'Phoenix Programme', amounting to CU 724. The estimate of the restructuring provision was reduced by CU 600 at 30 June 2025 due to a positive outcome of claims brought against the Group by former employees. The Group's directors still expect to settle the remaining termination remuneration in 2025, primarily through out of court settlements.

The remaining balance of CU 491 is made up of other provisions relating to legal and other claims by customers, such as warranties for which customers are covered for the cost of repairs.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025 31

# 21. Contingent liabilities

IAS 34.15B(m)

Climate-related matters may create new liabilities for certain companies in the Group, due to new environmental regulatory provisions or litigation arising from complaints filed by various Non-Governmental Organisations (NGOs).

During the first quarter of 2025, the ultimte parent company was notified by the Environmental Department of Euroland on the initiation of an investigation on the respect of its obligation to reduce the emissions of greenhouse gas generated by its activities to satisfy the national environmental legislation during the two year period from 2022-2023. This investigation was initiated because of a complaint raised by an Environmental NGO.

The Group considered, with the assistance of its lawyers and environmental advisers, that it has fairly fulfilled all its commitments with respect to the legislation and was not in breach with any of the environmental requirements and believed that it had strong and convincing arguments for rejecting the claim.

IAS 34.15B(m)During the prior year, various warranty and legal claims were brought against the Group. At<br/>31 December 2024, management considered all of these claims to be unjustified and no provision<br/>had been recognised. During the current interim reporting period, the counterparties withdrew their<br/>claims against the Group.

## 23. Fair value measurement of financial instruments

**Guidance note:** IAS 34 requires that Interim Financial Statements include certain of the disclosures about fair value of financial instruments set out in IFRS 13 'Fair Value Measurement' and IFRS 7 'Financial Instruments: Disclosures'. These disclosures include the classification of fair values within a three-level hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3: unobservable inputs for the asset or liability.

IAS 34.16A(j)

IFRS 13.93(a)-(b) IFRS 13.94

IFRS 13.93(a)-(b) IFRS 13.94 The following table shows the levels within the hierarchy of financial assets and liabilities measured at fair value on a recurring basis at 30 June 2025, 30 June 2024 and 31 December 2024.

```
IFRS 13.93(d)
IFRS 13.93(g)
```

IFRS 13.93(d)

IFRS 13.93(g)

The Group's finance team performs valuations of financial items for financial reporting purposes, including Level 3 fair values, in consultation with third-party valuation specialists for complex valuations. Valuation techniques are selected based on the characteristics of each instrument, with the overall objective of maximising the use of market-based information. The finance team reports directly to the chief financial officer (CFO) and to the audit committee. Valuation processes and fair value changes are discussed among the audit committee and the valuation team at least every six months, in line with the Group's reporting dates. The valuation techniques used for instruments categorised in Levels 2 and 3 are described below:

## Foreign currency forward contracts (Level 2)

The Group's foreign currency forward contracts are not traded in active markets. These contracts have been fair valued using observable forward exchange rates and interest rates corresponding to the maturity of the contract. The effects of non-observable inputs are not significant for foreign currency forward contracts.

#### Investment in XY Ltd (Level 3)

The fair value of this investment was determined based on an appropriate equity pricing model that takes into account the investee's dividends policy and its historical and expected future performance and based on an appropriate growth factor for a similar listed entity and a risk adjusted discount rate.

## Contingent consideration (Level 3)

The fair value of the contingent consideration, related to the acquisition of a subsidiary in 2024, is estimated using a present value technique which discounts the management's estimate of the probability that the contract's target level of activity will be achieved.

The probability-weighted cash outflows before discounting are CU 655 at 30 June 2025, 30 June 2024 and 31 December 2024. It reflects a management's estimate of a 50% probability that the contract's target level will be achieved.

The discount rate used at 30 June 2025, 30 June 2024 and 31 December 2024 is 7.4%, 4.4% and 5.6%, respectively. These discount rates are based on the Group's estimated incremental borrowing rate for unsecured liabilities at each reporting date, and therefore reflect the Group's credit position.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements – 30 June 2025 35

The significant input for the fair value estimate is the management's estimate of the probability that the contract's target level will be achieved. The following table provides information about the sensitivity of the fair value measurement to changes in that input:

Description	Significant unobservable input	Estimate of the input	Sensitivity of the fair value measurement to input
Contingent consideration	Probability of meeting target	50%	An increase to 60% (decrease to 40%) would increase (decrease) fair value by CU 125
Investment in XY Ltd	Earnings multiple	5%	An increase of the growth factor by 100 basis points and a lower discount rate of 100 basis points would increase the fair value by
Investment in XY Ltd	Risk adjusted discount rate	15%	<ul> <li>CU 65. Lowering the growth factor by 100 basis points and increasing the discount factor by 100 basis points would decrease fair value by CU 85.</li> </ul>

There are no major interrelationships between the significant input (management's estimate of the probability that the contract's target level will be achieved) and the unobservable inputs.

The reconciliation of the carrying amounts of financial instruments classified within Level 3 is as follows:

		Contingent consideration	Investment in XY Ltd
IFRS 13.93(e)	Balance at 1 January 2024	-	720
IFRS 13.93(e)(iii)	Issued in relation to business combination	(600)	-
IFRS 13.93(e)(i) IFRS 13.93(f)	Amount recognised in profit or loss	(5)	19
	Balance at 30 June 2024	(605)	739
IFRS 13.93(e)(i) IFRS 13.93(f)	Amount recognised in profit or loss	(15)	13
	Balance at 31 December 2024	(620)	752
IFRS 13.93(e)(i) IFRS 13.93(f)	Amount recognised in profit or loss	(10)	
	Balance at 30 June 2025	(630)	752

The total amount included in the statement of profit or loss for unrealised losses on level 3 instruments:

	6 months to 30 Jun 2025	6 months to 30 Jun 2024	Year to 31 Dec 2024
Finance costs	(10)	(5)	(20)
Finance income	—	278	32

a These financial assets are included in "Other long-term financial assets". The line item also includes listed securities and the investment in XY Ltd which are carried at fair value at 30 June 2025, 30 June 2024 and 31 December 2024 of CU 1,167, CU 1,194 and CU 1,173 (see Note 22 above), respectively.

IFRS 7.29

The carrying amount of the following financial assets and liabilities is considered a reasonable approximation of fair value:

- trade and other receivables
- cash and cash equivalents
- trade and other payables.

### IAS 34.16A(c) Risk Management activities

During the six months to 30 June 2025 the Group continued to designate foreign currency financial contracts as hedges of highly probable purchases of property, plant and equipment, and these forecast purchases are expected to take place in the final quarter of the year. An unrealised gain of CU215 is included in other comprehensive income for the six months ended 30 June 2025.

## 24. Related Party Transactions

IAS 34.15 B(j)The Group's related parties include its associates and joint venture, key management, post-<br/>employment benefit plans for the Group's employees and others as described below. In addition,<br/>Illustrative Corporation Ltd continues to have a subordinated loan from its main shareholder, the<br/>LOM Investment Trust, on which interest of CU 100 (six months to 30 June 2024: CU 100, year<br/>ended 31 December 2024: CU 200) is paid.

IAS 24.18(b)(i) IAS 24.18(b)(ii)

IAS 24.19(d)

IAS 24.18(a)

IAS 24.18(b)

Unless otherwise stated, none of the transactions incorporate special terms and conditions and no guarantees were given or received. Outstanding balances are usually settled in cash.

### **Transactions with associates**

In order to meet peak demands by its customers, some of the Group's consulting services are subcontracted to its associate, Equipe. During the six month period to 30 June 2025, Equipe provided services valued at CU 284 (six months to 30 June 2024: CU 295, year ended 31 December 2024: CU 568). The outstanding balance of CU 20 (30 June 2024: CU 20, 31 December 2024: CU 22) due to Equipe is included in trade payables.

**Transactions with joint ventures** IAS 24.19(e) During the six months to 30 June 2025, Halftime provided services valued at CU 5 (six month period IAS 24.18(a) to 30 June 2024: CU 6). There is no outstanding balance as at 30 June 2025, 30 June 2024 and IAS 24.18(b) 31 December 2024. Transactions with key management personnel Key management of the Group are the executive members of Illustrative Corporation's board of IAS 24.19(f) directors and members of the executive council. Key management personnel remuneration includes the following expenses: 30 Jun 2025 30 Jun 2024 SHORT-TERM EMPLOYEE BENEFITS: IAS 24.17(a) Salaries including bonuses 1,210 1,105 Social security costs 35 17 150 95 Car allowance 1,355 1,217 POST-EMPLOYMENT BENEFITS: IAS 24.17(b) 150 Defined benefit pension plans 156 12 Defined contribution pension plans 6 168 156 IAS 24.17(d) Termination benefits 50 \_ 87 IAS 24.17(e) Share-based payments 52 **Total remuneration** 1,625 1,460 IAS 24.18(a) The Group allows its employees to take up limited short-term loans to fund merchandise and other IAS 24.18(b) purchases through the Group's business contacts. This facility is also available to the Group's key management personnel. During the six months to 30 June 2025, the Group's key management received short-term loans totaling CU 40 (30 June 2024: CU 38). The outstanding balance of CU 1 (30 June 2024: CU 1; 31 December 2024: CU 1) has been included in trade and other receivables. During the six months to 30 June 2025, the Group obtained legal services from a law firm over which one of the directors exercises significant influence. The amount billed related to this legal service amounted to CU 21 (30 June 2024: 31 December 2024: Nil), based on normal market rates and was fully paid as of the reporting date. Transactions with the defined benefit plan IAS 24.9(b)(v) The defined benefit plan is a related party. The defined benefit plan does not hold shares in Illustrative Corporation Ltd. The Group's only transaction with the defined benefit plan relate to

contributions paid to the plan.

## 25. Income tax expense

#### Guidance note: International Tax Reform: Pillar Two Model Rules

In December 2021, the Organisation for Economic Co-operation and Development (OECD) published its Pillar Two Model GLoBE (or Global Anti-Base Erosion) Rules. The intent of the Pillar Two Model Rules is to ensure a minimum level of taxation will ultimately be paid by multinational entities who operate in very low or no tax jurisdictions. Currently more than 135 countries have signaled they will be modifying their local tax legislation, but they are at different stages of drafting legislation that aligns to the GLoBE Rules. At the date of this publication, some countries will have implemented legislation aligned to the framework; but many countries have still to do this.

The GLoBE rules require individual countries to update their domestic tax laws to comply with the Pillar Two requirements to create a 15% minimum tax rate for multinational entities. This effect is achieved by requiring a 'top-up' tax. This means if a subsidiary of a multinational entity pays less than a 15% effective tax rate, the entity will trigger liability for the top-up tax at the ultimate parent entity level. The parent entity will then need to pay the additional tax required to bring the subsidiary's effective tax rate up to the 15% minimum. As a result, ultimate parent companies with subsidiaries in jurisdictions with effective tax rates below 15% will have to pay additional income tax going forward. It is also important to note that when calculating local taxable income, certain deductions may be disallowed when calculating GLoBE taxable income. This could result in a subsidiary triggering the top-up tax even if the local effective tax rate set out in legislation is 15% or above.

The IASB amended IAS 12 'Income Taxes' by issuing 'International Tax Reform – Pillar Two Model Rules'. The IASB provided temporary mandatory relief from the recognition and measurement of all deferred tax associated with the GLoBE rules for annual periods ending on or before 31 December 2023. However, it did not exempt reporting entities from disclosing the impact of the GLoBE rules in annual or interim financial statements issued on or after 31 December 2023. This means interim disclosures are currently expected until the temporary mandatory relief expires.

Interim disclosures regarding Pillar Two 'top-up' tax will depend on the countries the group reporting entity operates in, their local effective tax rates and whether those jurisdictions have fully implemented Pillar Two legislation. Illustrative Corporation Group is incorporated in Euroland, where the statutory tax rate is 30%, and it has subsidiaries in Euroland, the United Kingdom and the United States. As the US is not currently in the process of implementing any Pillar Two Tax legislation and the effective tax rate in the UK when taking into account deductions disallowed for Pillar Two purposes is above 15%, the entity will not be liable for any top-up tax in the current interim period. To address the disclosure requirements, Illustrative Corporation Group has added Pillar Two Tax information to the income tax expense note below.

Although Illustrative Corporation Group is not subject to any top-up tax in the current reporting period, the following is an illustrative disclosure for reporting entities that would be subject to a 'top-up' tax. Please note there are two scenarios that can trigger a 'top-up' tax liability in the ultimate parent's group financial statements:

- 1 The statutory tax rate in the jurisdiction in which a subsidiary operates is less than 15%, or
- 2 The statutory tax rate in the jurisdiction in which a subsidiary operates is greater than 15% but certain deductions allowed for calculation of tax expense are disallowed under Pillar Two legislation, resulting in an effective tax rate below 15%.

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025 39

The illustrative example below includes an example of each scenario that can trigger top-up liability:

"Pillar Two tax legislation has been implemented in some of the countries in which subsidiaries of the Group operate. Legislation applicable to the Group is effective for the current reporting period. Given this, the Group has assessed the applicable tax legislation in all the countries in which subsidiaries of the Group operate to determine whether or not a Pillar Two 'top-up' tax liability needs to be recognised.

The Group has taken into account the latest information available regarding the operations of every subsidiary as well as applicable effective tax rates in each affected country and prior year and expected effective tax rates, adjusted for Pillar Two disallowed deductions.

Based on the information gathered, management has assessed that the Group is subject to a 'top-up' tax under the newly effective Pillar Two legislation for the interim period ended 30 June 2025. The 'top-up' tax relates to operations in [Name the country that has circumstances set out above in point 1] and [Name the country that has circumstances set out above in point 2]. The statutory tax rate in [Name the country in point 1 above] is [tax rate below 15%] and in [Name the country in point 1 above] is [tax rate below 15%] after accounting for certain deductions disallowed by Pillar Two tax legislation. Both are less than the 15% global minimum required by the Pillar Two legislation so the Group has recognised in current tax expense a 'top-up' tax amount of [CU current tax expense amount] that will be levied against the Group's ultimate parent company in the six-month interim period ended 30 June 2025. The impact of this 'top-up' tax has been included in the determination of the weighted-average annual income tax rate utilised in determining the interim current tax expense.

IAS 12.88(a) The Group has applied the amendment to IAS 12 which allows for temporary mandatory relief from accounting for the deferred tax impacts of the 'top-up' tax and allows for recognition of the 'top-up' as current tax expense as incurred."

Income tax expense for the interim period is determined by applying management's best estimate of the weighted-average income tax rate for the annual period, adjusted for certain items fully applicable to the interim period if needed, to profit or loss before tax.

Pillar Two legislation has been implemented in some of the jurisdictions in which subsidiaries of the Group operate. Legislation applicable to the Group is effective for the current reporting period. The Group has assessed the applicable tax legislation for the regions in which subsidiaries of the Group operate to determine potential exposure to Pillar Two tax liability.

The Group performed this assessment based on current information available regarding the Group entities' operations as well as applicable effective tax rates in each affected jurisdiction and prior year and expected effective tax rates, adjusted for Pillar Two disallowed deductions, for each affected jurisdiction. Based on the information gathered and the result of the assessment, the Pillar Two effective tax rates in each affected jurisdiction are above 15% and management does not have reason to believe that there are any circumstances that would result in the Pillar Two effective tax rate in any jurisdiction in which a subsidiary operates dropping below 15%. Based on this assessment, the Group does not expect to be subject to any Pillar Two top-up taxes.

<sup>40</sup> Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025

## 26. Events after the reporting date

	<b>Guidance note:</b> IAS 34.16A(h) requires disclosure of events after the interim period that have not been reflected in the Interim Financial Statements. IAS 34 does not specify the level of detail required. This example illustrates the disclosures required by IFRS 3 for combinations arising after the reporting date. Other approaches may also be acceptable.	
IAS 34.16A(h) IFRS 3.B66 IFRS 3.B64(a-d)	On 29 July 2025 the Group acquired 100% of the issued share capital of Servers.com Limited (Servers.com), a company based in Euroland. The objective of the acquisition is to expand the operations of the Group's retail segment.	
IFRS 3.B64(f)(i, iii, iv) IFRS 3.B64(g)(ii)	The acquisition was settled in cash and by issuing 500,000 shares of Illustrative Corporation Ltd. The purchase agreement also provides for an additional consideration of CU 1,500 payable if th average profits of Servers.com for 2025 and 2026 exceeds a target level agreed by both parties. Any additional consideration will be paid on 30 July 2027.	
IFRS 3.B64(f)	The fair value of the consideration transferred is as follows:	
IFRS 3.B64(iv)	Fair value of equity shares issued 6,	250
IFRS 3.B64(i)		000
IFRS 3.B64(g)(i)	Fair value of contingent consideration	680
		930
IFRS 3.B64(f)(iv)	The fair value of the equity shares issued was based on the market value of the Group's traded equity shares at the date of acquisition.	
	<b>Guidance note:</b> The determination of the acquisition-date fair value of the contingent consideration should consider the expected outcome of the contingency. This example illustrates one possible approach to estimating the fair value of the contingent consideration.	
IFRS 3.B64(g)(iii)	The fair value of the contingent consideration represents the Group's estimate of the probable cash outflows (ie reflecting management's estimate of a 50% probability that the targets will be achieved) discounted using an interest rate of 7.7%.	
IFRS 3.B66	The Group is in the process of determining the fair values of the acquired assets and assumed liabilities of Servers.com. The valuation is expected to be completed before the end of the annual reporting period.	

Illustrative Corporation Group: IFRS Example Interim Condensed Consolidated Financial Statements - 30 June 2025 41

## Appendix to the IFRS Interim Condensed Consolidated Financial Statements

Illustrative Corporation Group For the six months ended 30 June 2025

# **Appendix A**

## Effective dates of upcoming IFRS Accounting Standards

Based on IFRS Standards issued at 31 March 2025

Standard	Title of Standard or Interpretation	Effective for annual reporting periods beginning on or after		Early application?
IAS 21	Lack of Exchangeability (Amendments to IAS 21)	1 January 2025	1	1
IFRS 9 and IFRS 7	Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 7 and 9)	1 January 2026	no	1
IFRS 9 and IFRS 7	Contracts Referencing Nature-dependent Electricity (Amendments to IFRS 9 and 7)	1 January 2026	no	1
N/A	Annual Improvements to IFRS Accounting Standards – Volume 11	1 January 2026	no	1
IFRS 18	IFRS 18 Presentation and Disclosure in Financial Statements	1 January 2027	no	1
IFRS 19	IFRS 19 Subsidiaries without Public Accountability: Disclosures	1 January 2027	no	1

Not necessarily all Standards listed above are applicable to these Example Financial Statements but have been considered in the preparation of them.

For guidance on how to apply IFRS 18, refer to our publication 'Get ready for IFRS 18'.
